## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephan Kinsella on 03/11/04.

The application has been amended as follows:

- Claim 13, line 1: delete "8" and replace with "1".

### ***Allowable Subject Matter***

Claims 1, 3-4, 6, 10, 13-15, 17, and 20 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The prior art does not disclose or suggest inter alia the limitations "...A laser structure, comprising: a substrate; a bottom mirror disposed on the substrate; an active region layer means for generating light..., an optical pumping means for pumping light into an active region section..., a heat-spreading layer disposed directly on the top surface of the active region on the active region section..., a top mirror disposed above the heat-spreading layer such that the active region section is interposed between the top mirror and the bottom mirror...".

Art Unit: 2828

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
